Sprint 1 Plan

S.I.D. Technologies | January 25, 2018

Team Members: Eva Lomazov (Project Owner/QA Engineer), Emma Seligson (UI/UX Engineer), Tian Lun Lee (Front-End Developer), Brittany Lei (Back-End Developer), Gerome Deguzman (Database Engineer)
Scrum Master: Eva Lomazov

User Stories

1. As a Project Owner, I want a logo so that S.I.D. Technologies can be easily recognized by users.
   a. Draft 3 possible logos.
      i. 4 Hours
      ii. Emma Seligson
   b. Get opinions from team members.
      i. 1 Hour
      ii. Emma Seligson
   c. Make necessary changes to most popular logo design.
      i. 1 Hour
      ii. Emma Seligson
   d. Finalize the design and upload to github.
      i. 2 Hours
      ii. Emma Seligson
2. As a Project Owner, I want a slogan so that S.I.D. Technologies can be easily recognized by users.
   a. Draft 3 possible slogans.
      i. 4 Hours
      ii. Emma Seligson
   b. Hold a vote for final slogan with team members and upload winner to github.
      i. 1 Hour
      ii. Emma Seligson
3. As a Project Owner, I would like this to be in the form of a website with all of the necessary tabs outlined in goal#4 so that it can be accessed from anywhere.
   a. Design website headers.
      i. 2 Hours
      ii. Eva Lomazov
   b. Create a simple website made up of a header using Django.
      i. 3 Hours
      ii. Tian Lun Lee

    c. Add the necessary pages (they can be blank except for the header for now) and link them to each other using Django.
        i. 5 Hours
        ii. Tian Lun Lee
    d. Upload simple website with header and tabs to github.
        i. 1 Hour
        ii. Tian Lun Lee
    e. Design other tabs.
        i. 6 Hours
        ii. Eva Lomazov
    f. Draw UML diagrams to show dependencies and links between tabs and functionality.
        i. 6 Hours
        ii. Eva Lomazov
    g. Upload designs and UML diagrams to github.
        i. 1 Hour
        ii. Eva Lomazov

4. As a Project Owner, I want a Team ID so that I can add my scrum team members to my project.
    a. Install/Learn SQLite.
        i. 4 Hours
        ii. Gerome Deguzman
    b. Create 1-to-many database of projects and team members, with 1 project holding multiple team members.
        i. 6 Hours
        ii. Gerome Deguzman
    c. Upload working database to github.
        i. 1 Hour
        ii. Gerome Deguzman

5. As a Client, I want each Team Member to have an Email, Phone Number, Name and Position attached to the account so that I can send them notifications as necessary.
    a. Create a Client Class that contains the following fields: Email, Phone Number, Name and Position.
        i. 4 Hours
        ii. Brittany Lei
    b. Upload working class to github.
        i. 1 Hour
        ii. Brittany Lei

6. As a Client, I want the home page to have information about the current sprint so that I can tell which easily tell which project I am in and what sprint we are on.
    a. Design Home Page.
        i. 2 Hours
        ii. Eva Lomazov
    b. Upload home page design.
        i. 1 Hour
        ii. Eva Lomazov
7. As a Scrum Master, I want the Sprint Information to be editable so that I can change it with every new sprint.
    a. Create a Sprint Information Class that contains the following fields: Project Name, Project Owner Name, Scrum Master Name, Developer Team Names, Sprint #, Sprint Planning Meeting Date, Sprint Review Meeting Date, Sprint Retrospective Date, Scrum Meeting Dates/Times (there may be multiple but if that's too difficult to code, just have 1).
        i. 6 Hours
        ii. Brittany Lei
    b. Upload working class to github.
        i. 1 Hour
        ii. Brittany Lei

Integration

1. Not Applicable in current sprint.
